

R9 Archeologist Profile - Meet Angie R. Krieger

I am originally from Iowa. I earned a Bachelor's in Anthropology from the University of Minnesota-Duluth. My Forest Service career began on the Superior National Forest (MN), and continued to the Chequamegon-Nicolet (WI), Ottawa (MI), and the Hoosier (IN) where I have been the Forest Archaeologist for 19 years. My daughter is a freshman at Indiana University. I like food, music, reading and recently motorcycle riding. I'm a proud Midwesterner.
